g Setupfull3000200001 exe which do not work at all Too bad They have made nice stuff for many years.. Simply ask a new question if you would like to start the discussion again Hp Scanjet G3010 Ation Software Software And DriversMy scanner (Scanjet G3010) no longer works or is shown as a programme or Hardware device, is there an update for the software and drivers available so that I can reload my scanner If not is there a possible workround available to bring the scanner back into operation.. Fortunately, all in one gadgets are so cheap that I am not going to worry about it.. Hp Scanjet G3010 Ation Software Software And DriversIt would seem that HP is no longer going to support this particular photo scanner.

 When I go to drivers for the scanner on the site there is nothing listed for Windows 10.. The report was something like This software is no better than the one you have However on checking the device properties it states that no Driver is installed.. Just wont buy HP or vote for any one associated with them, past or present If you think you have received a fake HP Support message, please report it to us by clicking on Flag Post.. It upgraded the version of HP Scan Doctor, and then ran a check and fix It reported that components were missing and I should download and install the latest version from their site (same site as Scan Doctor).. After much searching have found a web site which will supply a driver for the G3010 scanner for use with windows 10. cea114251b [Free Wacom Dtu-1031x Tablet Driver 6.3.20-4 For Mac](#)
