• Recitation: Listen to your favorite reciter with verse by verse recitation of the surah you wish to hear.. This is Richly featured and fully interactive Specially designed to allow easy reading with easy scrolling, iPhone style.

A particular verse can be selected for playback by stopping current playback, tapping the new ayah and tapping 'Play' again.. Surah Titles, Hezb Portion Shortcuts and Juz Shortcuts can be scrolled separately.. IQuran 2 3 is a useful utility which offers its users the Complete Quran in Arabic along with its various translations.. • Themes Support: Two themes currently available to select from - change the way iQuran looks and feels.

With excellent built-in audio capabilities, iQuran utilizes these to provide a very satisfying recitation playback experience, excellent navigation and fast scrolling support with verse for verse recitation along with auto-scrolling and verse highlighting.. The software provides Arabic verses alongside numerous selectable translations: • English Translation by M.. With the unique follow-up feature, iQuran scrolls the screen automatically whilst you read and hear the Quran being reciter to you.. Major Features: • Full Quran with Translation: Read the Noble Quran (Koran/Coran) from the palm of your hands on the new iPhone and iPod Touch.

Mohsin Khan • Other English Translations in Pro: Yusuf Ali, Pickthal, Shakir • English Translations: M.. Mohsin Khan, Yusuf Ali (in Pro), Pickthal (in Pro), Shakir (in Pro) • Transliteration (in Pro) • French Translation (in Pro) • German Translation (in Pro) • Indonesian Translation (in Pro) • Melayu Translation (in Pro) • Spanish Translation (in Pro) • Turkish Translation (in Pro) • Innovative Index Screen: A fully interactive index screen with multiple columns giving you all the information you need.. Currently supported reciters (along with the maximum space required if all surahs for that particular reciter are downloaded): • Sheikh Husary (~417 MB) • Sheikh Mishary Al-Afasy (~587 MB) (in Pro) • Saood Shuraim (~412 MB) (in Pro) • Abu Bakr Ash-Shaatree (~522 MB) (in Pro) • Abdul Basit (~574 MB) (in Pro) • Ghamdi (~339 MB) (in Pro) • Others coming soon for iQuran Pro! Will automatically appear in iQuran under the available reciters list • Repeat Bubbles: In recitation mode you have the ability to: • Move to the next Surah when recitation ends for a surah • Repeat the same Surah • Repeat each Ayah from 1 to 5 times before moving to the next (very helpful for those who wish to memorize a surah) • Bookmarks: Don't want to lose the last verse you were reading? Or would like to place a marker for later reading?.

Download and manage recitation files at will for different surahs (chapters) by different reciters.
